REGULUS & MERIDIAN SPA

Why invest in a Trilogy pool?

WHETHER IT'S THE NEWEST INNOVATION, A UNIQUE EXPRESSION OF YOUR PERSONAL STYLE, OR THE FREEDOM TO CREATE A WATER FEATURE YOU CAN SWIM IN™, A TRILOGY POOL IS THE RIGHT CHOICE FOR YOU.

- Trilogy is more than color or shape—it's flow and emotion and endless design possibilities.
- Team Trilogy will help you make your dream environment a reality. We're here to help you create a pool that is as beautiful to view as it is to use, a perfect combination of swimming pool, deck, tile, water feature, and water color.
- At Trilogy, our most important innovations have come from asking:
 - “How can we do it better?”
 - “Why can't you have a variety of color choices?”
 - “Why can't you have a customized fiberglass pool?”
 - “Why can't you have a swim-safe environment?”
 - “Why can't your swimming pool be virtually maintenance free?”

With the help of our Trilogy Builder Network, we found answers to these, and other, questions that allowed us to truly change the way you see fiberglass pools.

From our innovative design concepts and custom features, to our award-winning quality control process and extensive warranty, Trilogy Pools offers you beauty, quality, and complete peace of mind that you've made the right choice with Trilogy.

Come on in...the water is beautiful!

INNOVATION...STYLE...FREEDOM...THIS IS TRILOGY

GEMINI & TANNING LEDGE

Enhance your quality of life

FOR ALL THE PLACES YOU'VE VISITED AND SIGHTS YOU'VE SEEN, THERE STILL IS NO PLACE LIKE HOME. This is where you retreat to create a world of your own...where friends and loved ones gather to celebrate another day of life...where all your memories are kept and you're free to be exactly who you are.

DOWN TIME

There's something about water and its magical reflection of light that sets the mood for fun and ultimate relaxation. You can swim away your cares, float for hours gazing at the changing sky, or relax poolside and peacefully contemplate all the goodness in your life. Trilogy Pools create magical environments.

FAMILY TIME

As your family playground, our pools are the source of unending enjoyment. Keep the kids at home as they entertain their friends. Hold family gatherings—it doesn't get any more relaxing and fun than swimming and eating outdoors on a balmy afternoon.

While the kids will thoroughly enjoy spending all that time and energy at the pool, this beautiful setting also helps adults escape from the ordinary. You will surely appreciate the different moods your pool offers as the quiet mornings give way to playful afternoons and then transform back to peaceful sunsets. Create an extraordinary retreat from your daily routine.

PRIME TIME

Trilogy Pools are designed to be extraordinary. Your pool will set a unique tone for your home, with a measure of elegance that will never go out of style. It's an investment in good living, your way.

FUSION: *Water features you can swim in*[®]

INTRODUCING FUSION™—a revolutionary concept in swimming pools. This groundbreaking line of composite pools is unlike any other on the market, combining aesthetics, low maintenance and a number of proprietary features to create a totally new experience for homeowners. This is not your average swimming pool. This is FUSION—Water Features You Can Swim In[®].

The FUSION line of swimming pools was created in response to the rising consumer demand for exceptional design features and affordability. With that in mind, we set out to develop a line that offered the custom look of concrete pools with the extremely low maintenance of composite pools. The result is a state-of-the-art system that stands in a class of its own.

BEAUTIFY YOUR WORLD.

By all standards, the FUSION line expands the boundaries of pool design. The result is a water feature that is beautiful to look at, comforting to hear and entertaining to swim in—a source of enjoyment for you and your family for years to come.

FUSION's modular construction gives pool builders a wide palette of choices that will be directed by your personal tastes and the physical boundaries of your backyard.

Installers love the fine details they can create with our pools' tighter radii, and they can set a "perfect tile" vertical tile line. You'll appreciate the entry steps and extra large tanning ledges.

Features: **FUSION**

THE FEATURES OF TRILOGY'S FUSION LINE
ENABLE YOU TO BE THE DESIGNER.
LET YOUR IMAGINATION RUN FREE.

Bubblers

These simple built-in features require very little water and are economical to run around the clock. A simple way to create outdoor elegance.

Wall Forms

Trilogy's wall form panels make Fusion's stylish features easy to install! Ask your builder for more details.

Custom Spillways

Another exclusive Trilogy feature: spillways and spill-overs as wide or as narrow as you desire. You can also add as many as you want!

Vertical Tile Line

Easily accomodates 6" x 6" tiles, greatly expanding your tile selection options.

Tanning Ledges

Innovation at its finest! Add a tanning ledge, some beach chairs and an umbrella. Before you know it, you've got your very own Stay-cation.

Your Pool, Your Way

FUSION™

ACCESSORIZE YOUR IMAGINATION.

Fusion's modularity gives you options no other pool line does. Select your basic pool configuration, then incorporate features that will extend your recreation and relaxation options. Add a tanning ledge and multiple spillways. Include a spa placed to take advantage of your fabulous views. Trim it in the tile of your dreams. Combine elegant functionality, beautiful color and visual appeal to create your pool, your way.

Trilogy has Models That
are **AUTO COVER READY!**

Automatic Safety Covers

**Everyday protection for your family...
at the touch of a button!**

Simply flip a switch, and your Coverstar automatic safety cover will create a barrier over your pool that no child or pet can penetrate. Custom-built to fit your pool perfectly and manufactured from best-in-class materials, Coverstar is the best protection available for your family and your pool investment!

Save on heat, water, electricity, and chemicals.

A Coverstar acts as passive solar heater, increasing the temperature of your water by 8 to 10 degrees. It also reduces evaporation of water as well as consumption of chemicals. Less time cleaning...more time enjoying!

Solid & Mesh Safety Covers

Safety you can rely on!

Coverstar offers mesh safety covers for maximum drainage and solid safety covers that block 100% of sunlight – in a variety of material weights and colors. All can be custom designed to fit any size or shape pool precisely, including any special features such as raised walls, diving boards, stairs and rails.

We make it strong...to keep your family safe!

The stronger the cover, the safer the cover. Coverstar applies exclusive, patented design and manufacturing innovations to give our mesh and solid safety covers unmatched strength and durability. And, because we build them better, we back them better...with our exclusive 20-year warranty!

Features: FUSION & GALAXY

WHETHER IT'S A FUSION POOL, OR A GALAXY POOL, YOU'LL ALWAYS HAVE THESE CUSTOMIZING OPTIONS:

Tile Adds another dimension to the beauty of your pool. Work with your builder to find the right tile for your pool. The options are endless!

Spas Choose from a Rectangular or Circular Spa. Make it a spillover-or stand alone. Jet it out, or keep it simple. The choice is always up to you!

Color Coordinated Fittings

You can't truly enjoy one of our 6 HydroStone surface finishes without having color coordinated return fittings and skimmer covers too. Finish your beautiful pool with perfect fittings!

Water Features Whether with simple deck jets, or a rambling, soothing waterfall, enhancing your Trilogy Pool with that extra zing is always enticing . . .

A graphic of a water splash, with water droplets frozen in mid-air above a pool of water. The splash is centered at the top of the page.

LINE

About Galaxy

TRILOGY'S GALAXY LINE transcends traditional boundaries, offering an array of celestial-inspired shapes allowing you to create the perfect backyard atmosphere. The spectrum of choices available in the Galaxy Line are infused with distinctly unique features, much like the constellations. Choose a shape from the Galaxy Line and watch your friends and family gravitate home for endless hours of fun and a lifetime of memories.

Finishes

HydroStone

Homeowners deserve the peace-of-mind that comes from knowing their swimming pool is built with the best materials—to the highest standards—providing years of trouble-free enjoyment.

For over 15 years Trilogy Pools has offered the best finishes available in the composite and swimming pool industry. Already a market leader with state-of-the-art research and development capabilities, Trilogy continues to develop new surface technologies. The result of its continued drive for excellence: HydroStone, the most beautiful and durable finish ever.

HydroStone pushes pool surface technology to the next level. HydroStone is a proprietary blend of engineered based resins combined with the highest performing colored particles available. In addition to its superior durability, independent lab testing reveals that HydroStone provides unsurpassed:

- Blister-Resistance
- Fade-Resistance
- Chemical-Resistance
- Anti-Yellowing
- Protection from the Long-Term Effects of UV Exposure

The HydroStone finish is available exclusively through Trilogy Pools. It is not available through any other fiberglass swimming pool manufacturer.

Choose the best the industry has to offer—Choose HydroStone...Choose Trilogy.

Durable

There is no product available today that surpasses the performance of HydroStone. With a unique blend of base resins coupled with the highest performing colored particles available, HydroStone excels at fade-resistance, anti-yellowing, blister-resistance, and protection from the long-term effects of UV exposure.

Beautiful

The HydroStone finish is available in six exciting colors specifically designed for swimming pool applications. Only Trilogy Pools offers these beautiful pool finish colors.

Innovative

In our drive for excellence, we develop and test new materials. Over the past 15 years Trilogy has pursued new product innovations and surface finish technologies. After exhaustive testing, the result—HydroStone™.

GEMINI

Low-maintenance

HydroStone has the look of high-end “pebble” finishes without all of the maintenance. This finish gives Trilogy Pools a stunning visual texture combined with a smooth and maintenance-free surface.

Best Value

Choose HydroStone as the finish for your swimming pool. You deserve the peace of mind that comes with knowing that your pool was built with the very best the industry has to offer.

Printed representation of HydroStone colors will vary from actual pool finish. Contact your pool vendor to see physical color samples.

Perimeter & Inlaid Tile

Trilogy offers perimeter and accent inlaid tile in a variety of designs and colors. Along with enhancing your pool's appearance, adding tile is a great way to emphasize its border and increase the safety of steps and seats.

Water Features

Peace of Mind

THE BEST IN MATERIALS AND MANUFACTURING

Trilogy Pools partners with the best resin suppliers in the United States, and selects the best raw materials available.

Our quality control system ensures that your pool will be durable and beautiful. We can tell you the day your pool was built, the shop conditions, the glass technicians, the lot and batch numbers of your resin, and even retain a piece of your pool in our files—FOREVER! Take a look at the actual manufacturing process and you'll see why a Trilogy Pool equals Peace of Mind!

UNPRECEDENTED WARRANTY

When purchasing a swimming pool, there are a few things that simplify your decision to purchase from one company or another. One of them is the warranty. How good is it? Who stands behind it? And will that company stand behind it when something unexpected happens?

The Trilogy Pool Warranty is the result of many years experience building thousands of swimming pools for families across the nation. When you purchase a Trilogy Pool, you can be assured that we stand behind our lifetime ownership warranty.

Some of the Highlights of Your New Trilogy Pool Warranty:

- Quality Control Documentation Packet kept on file forever!
- Lifetime Structural Warranty
- Lifetime Surface Warranty

Some might call this Overkill; we call it Peace of Mind!

Trilogy has been recognized by the American Composite Manufacturing Association (www.acmanet.org) for outstanding achievement:

- 2003 Excellence & Innovation Award for operations
- 2006 the ACE Award for outstanding open molded product, the highest award in the composites industry.

HIGH PERFORMANCE

The unique look and unmatched durability of our pools are a direct result of our manufacturing process. It includes taking over 60 measurements during pool construction and providing a comprehensive quality report that includes a retained sample from every pool we manufacture. This process enables the highest quality that can only be assured through meticulous recording. Once the manufacturing is complete, you've got a pool that is as durable as it is beautiful.

Trilogy pools are extremely easy to maintain. Many come with advanced electronics, remote control features and simplified operating procedures. You'll have time to enjoy your pool, while spending only minimal time looking after it.

OUR MANUFACTURING PROCESS USES THE HIGHEST QUALITY COMPOSITE RESINS AND GEL COATS IN THE INDUSTRY

1. Coping Options • Brick, Concrete, or Stone Coping provides an elegant and durable finished edge around your Trilogy Pool®.
2. Interlocking Bond Beam • The Bond Beam is formed when concrete from the deck is poured around and up next to the coping of the pool. This step structurally ties your deck to the outside of the swimming pool shell.

3. HydroStone/ Gelcoat • Whether you choose one of our 6 beautiful HydroStone finishes or white gelcoat, you are assured of maintenance-free durability for years to come.

4. Vinyl Ester Resin • This layer protects the finish of your pool and provides extreme resistance to even the most corrosive chemicals.
5. General Purpose (GP) Resin • This structural layer provides the rigidity needed for transportation and installation of the swimming pool.
6. Woven Roving GP Resin • This 24 oz. woven glass cloth is the final laminate for a Trilogy Pool. The glass cloth encases the entire pool in a network of fiberglass. The end result is a swimming pool with outstanding structural integrity.

Safety Information

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include; but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate and/or an automatic cover, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests

are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;
- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgment does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool and also available upon request. We must insist that you read each item carefully and follow its instructions.

These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Label
- Warning Label
- Use and Care Manual
- Safety Sign Installation / Illustration Sheet
- Signs and Labels

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool. It's also a good idea to contact your local American Red Cross for available CPR classes and other vital safety programs.

Working with Your Builder

TESTIMONIALS

YOU'VE MADE THE EXCELLENT DECISION TO PURCHASE A TRILOGY POOL.

Now comes the next step: finding a pool contractor to work with. We can help! Simply go to our website, trilogypools.com, find the builder locator and fill out the questionnaire. The valuable information you provide will be presented to builders in your area who will contact you directly. They can review your pool project, answer your questions, and give you a proposal.

Next step: start designing your dreamscape!

Trilogy Pools manufactures pools of top quality. Their team of professionals is highly experienced, offers great technical support, and great customer service—before, during, and after the sale. I highly recommend Trilogy Pools.

—Steve Clements, Pla-Mor Construction

Over our seven year association with Trilogy Pools, we could not be more pleased. They've been receptive to our special requests and we've moved forward together with many innovations that have strengthened our business and theirs. I heartily recommend your consideration of this company to improve and expand your business.

—John Anderson, Anderson Pools & Spas

This was the first time we had built a pool. We, naturally, faced a lot of unknowns and worries. The Trilogy Team took every concern away.

When I say "team," I mean exactly that. They worked together for us. Each facet was explained clearly. Every element was carried out in a professional manner. It was, in short, from ideas to implementation, a totally satisfying experience. And, do we ever love our pool! Thank you, Trilogy!

—Cecelia and Flavil V., Tennessee

I want to thank you very much for your time and patience in assisting us in the pool installation process. I know how difficult it can be to please customers, being in the remodeling business. The pool has turned out better than I could have imagined. Thanks again and we look forward to working with you in the future.

—Robert M., Virginia

The Brock family wants to say "thank you" for a job well done, for making our backyard pool dream a reality. It has proven to be one of our best investments ever.

Thank you for the initial emails and phone contact. It gave us the information to begin our pool ownership journey. Your knowledge and vision have provided us with a backyard we actually use. It is our oasis. Our pool, spa, firepit and entertaining area are beautiful additions to our home. We are proud to share our Trilogy pool with our family and friends.

—Diana and Chuck B., Virginia

It is nice to have products that truly rise above the competition. The innovation and technology that Trilogy brings to the pool industry stands alone. We feel fortunate to be aligned with their outstanding company.

—Mark Clark, Clark & Sons Pools, Inc., Missouri

NOTICE AND DISCLAIMER: Trilogy Pools ("Trilogy") manufactures fiberglass swimming pools, spas, and related accessory items. Trilogy distributes its products through independent builders, contractors, dealers, and/or installers (the "Builders"). The relationship between Trilogy and each of the Builders is an independent contractor relationship. Builders shall never be deemed or construed as an employee, owner, joint venture, or agent of Trilogy. No Builder has any authority of any kind or nature whatsoever to enter into any contract or agreement binding upon Trilogy, or any partner or affiliate of Trilogy. Trilogy has no responsibility or liability whatsoever for or with respect to any persons performing any services on the part of any Builder. Trilogy's obligation concerning pools manufactured by it is EXPRESSLY LIMITED to Trilogy's Limited Warranty. The warranty offered by Trilogy is separate and apart from any warranties offered by the Builder. Trilogy specifically DISCLAIMS any liability for work performed by the Builder, intentional or negligent acts of the Builder, Builder omissions, and/or any damage caused by negligent acts of the Builder.
